Subject: postings to the NBH web site

Rose and Chris - just a reminder that we'd like to get the CAD cell ESD cost estimates and the ESD itself up on the NBH web site, preferably prior to our Th evening meeting this week.

The cost estimates would go under "Technical Documents" then "Lower Harbor CAD cell".

The ESD would also go under Technical Documents but then under "Regulatory Documents"

Rose - Chris has the originals for the AR, so I'll let you guys work it out from here.

Thanks for your help!!

Dave
